

## Procedure Pricing UH Lake Health

These prices are correct as of January 3, 2022

The information provided by University Hospitals is a comprehensive list of charges for each inpatient and outpatient service or item provided by a hospital, also known as a chargemaster. It is not a helpful tool for patients to comparison shop between hospitals or to estimate what health care services are going to cost them out of their own pocket. For more information about the cost of your care, please contact our Financial Counselor staff at 440-602-6682.

### Know What You're Paying

In compliance with state law, UH Lake Health is providing this price list containing our charges for room and board, emergency department, operating room, delivery, physical therapy and other common procedures. UH Lake Health's charges are the same for patients with or without medical insurance. The patient's responsibility may vary, depending on individual medical insurance.

Uninsured or underinsured patients should consult with Patient Financial Counseling staff to determine if they qualify for financial assistance.
