"Rx" classes are great multi-level starting points for people new to LiveHealthy group exercise (PumpRx, BalanceRx, AquaRx, YogaRx).

Muscular Strength and Endurance

PumpRx - One of the fastest ways to get in shape! The PumpRx barbell class will sculpt, tone, strengthen and transform your entire body without adding bulk. Focusing on low weight loads and high repetition movements, you'll burn fat, gain strength and quickly produce lean body muscle conditioning. PumpRx challenges all of your major muscle groups while you squat, press, lift and curl. The cutting-edge choreography and chart-topping music is refreshed every three months, so with your choice of weight and trained instructors, you can get The GroupRx Advantage and the results you've been looking for. **Intensity: Moderate to High**

Total Body Intervals (land and water) - One of the best ways to burn calories and increase energy! Total Body Intervals will push you to be your best. Brief bursts of high-intensity work followed by short recovery periods boost metabolism and burn more calories.

Land: Total Body Intervals will teach you how to burn calories, add strength, improve balance and gain flexibility.

Water: buoyancy allows you to move with ease which allows you to work at a **higher intensity with less impact on the body**. Show up and GET AFTER IT. **Intensity: completely up to you! Low, Moderate or High**

BalanceRx - The low-impact, whole body group fitness workout that uses balls, tubes, dumbbells, body weight and cardio machines to boost fitness and core strength. Functional strength is the main focus, working different sets of muscles to improve posture, leg strength and balance. There are inspirational instructors and music to motivate you. The result of consistent attendance -- you'll be fizzing with energy, so you can really take on life! **Intensity: Low to Moderate**

TransForm™ - This fusion of Yoga/Pilates-inspired moves with athletic sport movements gives you a template to TRANSFORM your body and mind. STRENGTHEN the entire body with quick lunges, wide squat jacks and Warrior poses. Your BALANCE starts with the feet and stabilizes the upper body and other single-leg challenges. Light up your core with functional and traditional strengthening movements. Fuel your SOUL with inspiring and motivating music that is refreshed every three months. Each challenge is PROGRESSIVE so you can self-guide your intensity. **Intensity: Moderate**
